

Trivedi & Associates Technical Services (P.) Ltd

AN ISO 9001:2015 CERTIFIED COMPANY
AND NABL ACCREDITED LABORATORY
www.trivediassociates.co.in

38
Years
Since
1988

"A Name... You Can Always Trust!"

OUR EXPERTISE

- ✓ Competent Person as per "GFR 1963 & RFR 1951"
- ✓ Competent Person as per "Petroleum Rule 2002 & SMPV(U) Rule 2016"
- ✓ Unique service centre for Lifting Tools & Tackles At Vadodara (Nanafofadia) and Jamnagar (Meghpar)
- ✓ Safety Audit as per IS 14489 : 2018
- ✓ Authorised Training Institute as per section 111A of Factories Act' 1948
- ✓ Trade Validation for Workmen & Supervisor.
- ✓ NABL Accredited Calibration Laboratory
- ✓ Engineering Professional Services as third party inspection & chartered Engineer certification.
- ✓ Industrial hands on work Training for B.E. , Diploma & I.T.I. holder (Electrical).

-: Our Presence :-

Vadodara | Jamnagar | Dahej | Jhagadia | Hazira | Mundra | Badmer (Raj.)

ABOUT US

- ✓ Started way back in 1st March 1988 under the dynamic leadership of Er. Pravinchandra N Trivedi, founder of Trivedi group of companies.
- ✓ A Prolific leader Er. Hasit P. Trivedi, as a Managing Director is leading the organization with his visionary approach and techno-managerial support by Director Er. Hetal H. Trivedi
- ✓ With an enriching experience of 38 years in various technical services, continuous working in areas such as statutory compliance and technical inspection services, training and validation of the shop floor team, working for the safety of the plant and people
- ✓ A team of 150+ committed, highly skilled, long experience and learned engineers who are always providing value added services with back office staff having clarity in mind, purity in heart and sincerity in working style serving Govt., Semi Govt., Indian Corporate giants, MNC, Public and Pvt.
- ✓ Being an ISO 9001-2015 certified company and NABL accredited calibration laboratory, serving as a Team of Competent persons declared under various acts and rules under various departments of state Government and Central Government, Chartered Engineer, Professional Engineer, Valuer, Process Safety Expert Professionals with engagement in 50+ various engineering vertical.
- ✓ Provided services to More than 1000 + industries with repeated orders due to best quality, competitive rates & straight forward business approach is a success story of T&ATSPL.
- ✓ Strong infrastructure like advance workshop, with horizontal and vertical testing bench, dead loads, latest measuring instruments with 50+ workstations with tailor made software to cater the best engineering services to industries on time.
- ✓ Office at a strategic location at Vadodara and 20,000+ sq. ft. area each of unique service center cum workshop & training center at Vadodara and Jamnagar to cater the services to the Industries on time by following good engineering practices with accuracy.
- ✓ Trivedi group is contributing many CSR activities for empowering the youth in rural area and make ready for engineering through the HOW program, medical & educational support to needy people, basic Infrastructures to rural area schools & financial support for needy families.

COMPETENT PERSON AS PER GFR 1963 & RFR 1951

- ✓ Inspection of Lifts / Hoists & Certification in **FORM NO. 9** under **Section 28/Rule 58 & 59.**
- ✓ Inspection of EOT/HOT Cranes, Mobile Cranes, Chain Pulley Blocks, Lifting Tools and Tackles, Wire Rope Slings, D' Shackles, etc. & Certification in **FORM NO.10** under **Section 29/Rule 60.**
- ✓ Inspection of Pressure Vessels and Plants & Certification in **FORM NO. 11** under **Section 31/Rule 61.**
- ✓ Safety against rotating / moving machinery, Dangerous machines like Power Press / Centrifugal Machines & Certification under **Section 21/Rule 54.**
- ✓ Inspection and Certification for entering in Chamber, Tank Pit, Confined Space etc. having presence of gas, fume, dust, etc. to involve risk under **Section 36/Rule 64.**
- ✓ Provisions for hazardous processes, Thermic Fluid Heaters, Ovens / Dryers under **Section 41/Rule 68 D & G.**
- ✓ Inspection of Dust / Fume extraction systems, Ventilation Systems, Safety for exposure of workman, etc & Certification in **FORM NO. 26A** under **Section 87 / Rule 102.**
- ✓ Inspection, Testing & Certification of Plant Structures and Buildings and issuing of Stability Certificate in **FORM NO. 3-A** under **Section 6 / Rule 3.**
- ✓ Inspection, Testing & Certification of Safety Harness Belt as per **Rule 65(C) of RFR.**
- ★ Section No. are same as per Factories Act'1948 across India and Rules are specific to state government.

UNIQUE SERVICE CENTRE FOR LIFTING TOOLS & TACKLES

(At Vadodara, Jamnagar, Mundra, Dahej & Jhagadia)

Overhauling, Servicing, repairing, testing, color-coding, tagging & certification of Lifting Tools & Tackles.

- * Inspection of Lifting Machines & Lifting Tackles Certification in **Form No. 10** Under **Section 29/Rule60** (All Types Chain Pulley Block, D & Bow Shackles, Wire rope Sling, Polyester Belt Sling Hook Chook, Chain Slings, Pipe & Plate Lifting Clamp, Turnbuckle, Ratchet Lever Hoist etc.)

Facilities :-

Horizontal Hydraulic Test Bench
SWL : 150 MT, Length : 18 Mtr

Vertical Test Bench
SWL : 30 MT, Height : 5.2 mtr

- Thorough visual inspection & load testing.
- Magnetic particle test of all types of lifting tools and tackles.
- Color coding & Tagging
- Testing facility from 1 MT to 150 MT.
- Calibration through load cell, capacity of load cell available 7.5 MT, 12 MT, 20 MT, 25 MT, & 30 MT

UNIQUE SERVICE CENTRE

Servicing, Repairing of CPB

5000 Sq.ft Area of Workshop

**Available Dead Weight
Blocks Upto 38.25MT
(Various Copacity)**

**5000 Sq.ft Area of
Workshop**

Note:

- ✓ All Lifting Machine Spares will be Supplied at extra cost.
- ✓ Hiring of Lifting Tools & Lifting Machines from 1 MT to 10 MT as per availability
- ✓ Calibrated RCC block available ranging from 20 kg to 4000 kg.
- ✓ Total Dead Weight available for Hiring is 38250 kg. of different capacity.
- ✓ We provide the service of dead weight at your site on hiring basis.
- ✓ Transportation charges for the dead weight shall be extra at actual.
- ✓ Overhauling and servicing of Lifting tools are carried out at our service centre.

COMPETENT PERSON AS PER PESO, NAGPUR

Servicing, repairing, testing, tagging & certification as per Explosive Department - PESO, Nagpur SMPV (U) RULES, 2016 & PETROLEUM RULE 2002.

Excess Flow Valve Test Bench

- ✓ Inspection of Pressure Vessel as per Rule 19
2 Yearly for toxic and corrosive chemical storage services and 5 years for non toxic, non corrosive, non flammable and flammable chemical storage services. Testing, Calibration and Certification of Safety Valves & Excess Flow Valves Issued Under **Rule -18 NDT service as per ASME Section 5** by level - 2 Technician. **UT Measurements (0-300mm)**

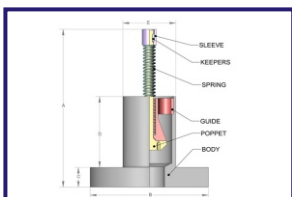

PVRV Test Bench

- ✓ Inspection of Petroleum Storage Tank and issuing of Testing & Safety Certification Under **Rule 126 & Rule 130**
- ✓ Calibration Pressure & Vacuum Relief Valve Testing up to(+/- 1000PSI) (Size: 2" to 12" inch.)
- ✓ Emergency relief valve

PSV Test Bench

- ✓ Threaded & Flanged Type Pressure Safety Valve Testing from 0.1 Kg/Cm² to 600 Kg/Cm² (Size: 1/4" to 8" Inch.)
- ✓ Excess Flow Valve Testing up to 4" Inch.

Calibration & Testing of Excess Flow Valve, Pressure Relief Valve & Pressure Vacuum Relief Valve

NABL ACCREDITED CALIBRATION LABORATORY

Mechanical Calibration

- ✓ Vacuum Gauges, Digital & Analog Pressure Gauges Transmitters & Pressure Switches - Range (-0.9Bar to 700Bar)
- ✓ Vacuum Gauge Range (-670 to 0 mm Hg)
- ✓ Pressure Gauge Range (0-700 Bar)

Thermal Calibration

- ✓ All Types of RTDs, Thermocouples, Temp. Transmitters, Transducers, Temp. Dial Gauges, Glass Thermometer, Temp. Switches - Range (-25°C to 1200°C)

Electro Tech Calibration

- ✓ All Types of Ammeter, Voltmeter, Clamp Meter Multi Meter, Frequency Meter, Resistance Box, Earth Tester, Temperature Indicator, Temperature Controller, Temperature Recorder, Universal Callibrator

Calibration of Welding Machine, Flow Meter, Mother Oven, Portable Oven & Energy Meter etc.

FEW OF OUR SATISFIED CUSTOMERS....

“The world is experiencing a level of disruption and business risk not seen in generations. Some companies freeze and fail, while others innovate, advance, and even thrive. The difference is resilience.”

FEW OF OUR SATISFIED CUSTOMERS....

More than 1000 Customers across India ..

"Rebounding from disruption is tough, but some companies have a recipe for success: a systems mind set emphasizing agility, psychological safety, adaptable leadership, and cohesive culture."

OUR EXPERT TEAM WITH CREDENTIALS

Competent Person	Section & Rule	Activity covered under Section and Rules	Inspection Period
------------------	----------------	--	-------------------

CHARTERED ENGINEER/PROFESSIONAL ENGINEER CERTIFICATION

1.	P. N. Trivedi	Mech., Elect.	Professional engineering services for issuing certificates for import equipment installation duty drawback, DG installation, Competent Recognition and other such Engineering Services	As Required
2.	D. M. Vaidya	Mech., Elect.		
3.	H. H. Trivedi	Mech., Elect.		
4.	Jimi J. Shah	Mech., Elect.		
5.	R.M.Kanzariya	Mech., Elect.		
6.	Rachana Purohit	Civil		
7.	Amit Mehta	Mech., Elect.		
8.	Raju C. Dhamecha	Mech., Elect.		
9.	D. K. Vacchani	Mech., Elect.		
10.	Mukesh K. trivedi	Mech., Elect.		
11.	D. C. Ghaghare	Chem.		

CERTIFICATES OF COMPETENCY UNDER THE PETROLEUM RULES, 1976, EXPLOSIVE DEPT.

1.	D. M. Vaidya	Rule 126 Rule 130	Petroleum Storage tank Testing Certificate Hazardous Installation Safety Certificate	For new and class change
----	--------------	----------------------	---	--------------------------

COMPETENCY UNDER THE STATIC & MOBILE PRESSURE VESSELS (UNFIRED) RULES, 2016

1.	D. M. Vaidya	Rule 18	Testing & certification of Safety Relief Valves fitted to pressure vessels.	Every 12 Months
2.	Abhijit Haldankar			
3.	Jimi J. Shah			
4.	RM Kanzariya			
1.	Abhijit Haldankar	Rule 19	Inspection, testing & Certification of Pressure vessels under SMPV Rules (Other than Horton Spheres)	Every 5 Years
1.	Abhijit Haldankar	Rule 33	Issue of Safety Certificate for installation of pressure vessels (gas filled)	For new const.

AUTHORISATION FOR ENERGY AUDIT UNDER GOVT. NOTI. GHU/99/31/GUE/1196/9018/K1

1.	H. H. Trivedi	Govt. Notification	Energy Audit in industries with Contract Demand of above 200 kVA, Commercial establishments with load of above 75 kW	Every 3 Years
----	---------------	--------------------	--	---------------

OUR EXPERT TEAM WITH CREDENTIALS

AUTHORISATION FOR INSPECTION & TESTING OF LIFTS UNDER THE GUJARAT LIFTS & ESCALATORS RULES, 2001

1.	H. P. Trivedi	Rule 23	Testing and Inspection of Lifts in Industries, Commercial / Residential complexes and report as per Annexure XX of Rule 23	Every Years
2.	H. H. Trivedi			

DETAILS OF CERTIFICATES OF COMPETENCY / AUTHORISATIONS WITH COMPANY

Competent Person	Section & Rule	Activity covered under Section and Rules	Inspection Period
------------------	----------------	--	-------------------

AUTHORISATION FOR VALUATION OF PLANT & MACHINERY UNDER THE WEALTH TAX ACT, 1957, SEC 34AB

1.	P. N. Trivedi	Act 34 AB	Services for valuation of Plant and Machinery and furnishing of report as required Approved Valuer	As Required
2.	H. H. Trivedi			
3.	D. M. Vaidya			

AGENCY FOR SAFETY AUDIT, ELECTRICAL SAFETY AUDIT ONSITE EMERGENCY PLAN, RISK ASSESSMENT REPORT

1.	D. M. Vaidya	Rule 68-J Sch. 8	Preparation of Safety Audit and Elect. Safety Audit Report, Onsite Emergency Plan, Hazop Study, Risk Assessment to comply with Act and Rules	As required
2.	H. H. Trivedi			
3.	M. M. Patki			
4.	H. N. Sorathia			
5.	R. K. Desai			
6.	Sanat Pandya			
7.	Sunil Patel			
8.	N. M. Maheta			

COMPETENCY UNDER THE FACTORIES ACT, 1948 AND THE GUJARAT FACTORIES RULES, 1963

1.	H. H. Trivedi	Sec. 28 / Rule 58, Form 9	Inspection, Testing & Certification of Lifts Hoists.	Every 6 Months
2.	H. P. Trivedi			
3.	R. M. Kanzaria			
4.	Jimi J. Shah			
5.	A. M. Maheta			
6.	Sugney A. Patel			
7.	Harsh Trivedi			
8.	Mukesh K. trivedi			
9.	Raju C. Dhamecha			
10.	D. K. Vacchani			
11.	Kishor R Nakum			

OUR EXPERT TEAM WITH CREDENTIALS

COMPETENCY UNDER THE FACTORIES ACT, 1948 AND THE GUJARAT FACTORIES RULES, 1963

1.	H. H. Trivedi	Sec. 29 / Rule 60, Form 10	Inspection, Testing & Certification of Lifting Machines, Lifting Tackles, Cranes, Wire Rope/Chain Slings, D'Shackles, Wire/Nylon belt slings, etc.	Every 12 Months
2.	H. P. Trivedi			
3.	R. M. Kanzaria			
4.	Jimi J. Shah			
5.	A. M. Maheta			
6.	Sugney A. Patel			
7.	Harsh Trivedi			
8.	Mukesh K. trivedi			
9.	Raju C. Dhamecha			
10.	D. K. Vacchani			
11.	Kishor R Nakum			

COMPETENCY UNDER THE FACTORIES ACT, 1948 AND THE GUJARAT FACTORIES RULES, 196

1.	H. H. Trivedi	Sec 31 / Rule 61, Form 11	Inspection, Testing & Certification of Pre. Vessels & Plant etc. External examination Hydraulic testing (If no internal examination) Hydraulic testing (if Internal examination possible)	Every 6 months 2 Years 4 Years
2.	H. P. Trivedi			
3.	R. M. Kanzaria			
4.	Jimi J. Shah			
5.	A. M. Maheta			
6.	Mukesh K. trivedi			

DANGEROUS MACHINES, FUMES & EXTRACTING STRUCTURAL STABILITY CONFINED SPACE ETC...

Competent Person		Section & Rule	Activity covered under Section and Rules	Inspection Period
1.	H. H. Trivedi	Sec. 21 / Rule 54	Safety against rotating / moving machinery Dangerous machines, - Centrifugal Machines, Power Press, etc.	Every 12 months
2.	Jimi j.Shah			
1.	N. G. Vithalani	Sec. 36 / Rule 64	Certification for entering in Chamber, Tank, Pit, Confined space, etc. having presence of gas, fume, dust, etc., to involve risk.	As Require
2.	D. C. Ghaghare			
1.	N. G. Vithalani	Sec. 41 & Sec. 112	Provisions for hazardous processes, Thermic fluid heaters, Ovens/Dryers, Ship breaking yard activities	Every 12 months
2.	D. C. Ghaghare			
1.	H. H. Trivedi	Sec. 87 / Rule 102 Form 26A	Safety against dangerous process or operation, exposure of workman, display of notice, restricted entry, etc., Provision of Ventilation System.	Every 12 months
2.	Jimi j.Shah			
1.	Rachana Purohit	Sec. 6 & 112 - Civil	Inspection, testing & Certification of Plant and Structures & issuing of Stability Certificate for New buildings or alterations in industry.	Every 5 Years

OUR EXPERT TEAM WITH CREDENTIALS

COMPETENCY UNDER THE FACTORIES ACT, 1948 AND THE RAJASTHAN FACTORIES RULES, 1951

1.	R. M. Kanzaria	Sec. 28 / Rule 57	Inspection, Testing & Certification of Lifts / Hoists.	Every 6 months
2.	Raju C. Dhamecha			
1.	R. M. Kanzaria	Sec. 29 / Rule 57A	Inspection, Testing & Certification of Lifting Machines, Lifting Tackles, Cranes, Wire Rope / Chain Slings, D'Shackles, Wire/Nylon belt slings, etc.	Every 12 months
2.	Raju C. Dhamecha			

COMPETENCY UNDER THE FACTORIES ACT, 1948 AND THE RAJASTHAN FACTORIES RULES, 1951

1.	R. M. Kanzaria	Sec. 31 / Rule 58	Inspection, Testing & Certification of Pre. Vessels & Plant etc. External examination Hydraulic testing (If no internal examination) Hydraulic testing (if Internal examination possible)	Every 6 months 2 Years 4 Years
2.	Raju C. Dhamecha			

AUTHORISATION FOR TRAINING INSTITUTE UNDER SECTION 111-A

1.	T&ATSPL	Factories Act 1948 Section 111-A	Approved Training Institute Under Section 111-A of Factories Act 1948 by Director, Industrial Safety & Health Dept., Government of Gujarat	As and when Require
----	---------	-------------------------------------	--	---------------------

TRADE VALIDATION FOR WORKMEN & SUPERVISOR

Impact of skill Assessment :-

TIST Skill Validation Advantage :-

- ✓ **Auditable Real Time Feeds** : Live, real-time Video Footage - all recorded for future review.
360 degree Customization : Induction, Verbal, Written & Practical assessment & Validation Process.
- ✓ **Industry Course Certification** : Our Certification management feature allows to provide certificates in real - time upon test completion with email/sms notification of results to concerned authorities.
- ✓ **Advanced Web & Manual Recording** : Monitor test - taker via our web & in-person digital technology.
- ✓ **Value addition to basic, Entry level Skill Testing** : Measure advanced Skills Using Simulator based test crane Operator Simulator (all Types)
- ✓ **Self -Refresher Training** : Structured Exhaustive Hindi Reading & Pictorial booklet for Personal Reference.

More than 75,000 Trade Validation so far..

"A Name... You Can Always Trust !

TRADE VALIDATION FOR WORKMEN & SUPERVISOR

General benefits of Trade validation

A trade validation can always benefit towards safety, quality, productivity of company. There are many benefits of the trade validation process.

Assessment of the manpower:

- ✓ Every company hires talent on the basis of their qualifications and experience background. The assessment helps enhance the productivity of the workers and at the same time can help the management understand the company's position in the competitive industry.
- ✓ Upskilling is something that is trending and has technological advancement. If your industry doesn't do upskilling, then now is the time. Upskilling helps in growing towards a better process and easier operations for manufacturing companies.
- ✓ Safety Training for Mitigated Risks and Accidents. Most of all company wants zero accidents. Everyone values human life and ensure the safety of every employee in the operations; safety training is vital. With the help of varied skill trade training services and safety protocols, you can take a seat back and stay confident about lower risks in the future. After all, companies need to step up to make a safe work environment for their workforce. That is one of the basic needs of every employee.

SKILL DEVELOPMENT

Hands-On-Work (HOW) Programme

Trivedi Institute of Skill Development & Training is a non-profit institution established in June 2016 for skill development of budding and aspiring graduates, diploma and ITI students. Promising **B.E./B. Tech/D.E.** Electrical Engineering Graduates from leading colleges are participating in the **Hands-On-Work(HOW)** 12-week industry-relevant training program at the Institute. This program reinforces the conceptual clarity for students in the electrical engineering discipline. A pool of 50+ industrial mentors provides live demo programs under the HOW Training making them job-ready. Hands-On-Work (HOW) Programme is approved by Gujarat Technological University (GTU) under Centre for Continuing Education (CCE) and students will get certificate after Successful completion of the programme. How programme is as per the guidelines of AICTE.

SIMULATOR FOR CRANE OPERATOR

This simulator is designed to provide training for all types of cranes namely EOT Crane, Tower Crane, Hydraulic Mobile Crane and Crawler/Lattice Crane. Procured from the USA, this particular simulator has given 38 different Scenarios for the different levels of operator and 94 Exercise.

CSR ACTIVITIES - TRIVEDI FOUNDATION

Trust PAN No.: AADTT5884C

Trust 80G Certificate No.: 11-Clause (I) of first provision to sub-section (5) of section 80G

Validity of 80G Certificate from A.Y. 2022-23 to A.Y. 2026-27 dt. 28-05-2021

Trust CRS Activity Valid Certificate No.: CSR00012960 issue from Government of India, Ministry of corporate Affairs, Office of the Register of Companies Dt. 11-08-2021(SRN-T34987586)

AUTHORISED TRAINING INSTITUTE AS PER SECTION 111A AS PER GFR

Our Training Module is designed to meet the needs of Industries. Training is conducted by Learned trainer having rich professional shop floor experience in industries.

Training shall conduct at client site and at our Training centre at Vadodara & Jamnagar.

Major topics we can cover:-

- ✓ Factories Act, Section-28 & Rule-58 “Lift & Hoit”
- ✓ Factories Act, section-29 & Rule-59 “Lifting ools & TTackles & Lifting Machines”
- ✓ Inspection, essting & Cert aficati ocedures as per Gujarat Factories Rules
- ✓ Safe operating pocedure for “EOT Cranes, Fork Lift, Mobile Canes etc”
- ✓ Safe operating pocedure ffor “Lifting Tackles & Lifting Machines”
- ✓ Safe operating pocedure for “Scaffoldings”
- ✓ Philosophy of Accident prevention.
- ✓ Emergency planning (On-site & Off-site).
- ✓ Risk assessment & Emergency planning.
- ✓ Behavior Based Safety (B B S).
- ✓ Process Safety Management (PSM).
- ✓ HAZOP (Hazard & Operability) Study.
- ✓ Material Safety Data Sheet (MSDS).
- ✓ Working at height & scaffolding.
- ✓ Fire Safety measures in Chemical Industries.
- ✓ Safe Material Handling.
- ✓ Value Engineering.
- ✓ Productivity, Quality & Internal Customer Satisfaction.
- ✓ Energy conservation though motors.
- ✓ Awareness on 5s.
- ✓ Fire Fighting & Fist aid.
- ✓ Crane Simulator (USA make) And many more.....

SKILL, RESKILL, UPSKILL

SAFETY AND ALLIED SERVICES

- ✓ Safety Audit as per IS 14489 - 2018
- ✓ Onsite Emergency Plan, Fire Assessment, Health Policy, HAZOP Study, Risk Assessment, Safety Report as per Rule 68 J etc.
- ✓ Energy Auditor as per GOG / Certified by B.E.E.
- ✓ Lift Inspection Agency under the Gujarat Lifts and Escalator Rules, 2001.
- ✓ Chartered Engineer Services for various statutory requirements.
- ✓ Government Approved Valuer.
- ✓ Illumination level using Lux Level Meter.
- ✓ Noise Level using Sound Level Meter.
- ✓ Earthing Resistance Testing.
- ✓ Harmonics using Power Analyzer.
- ✓ Measurement of Clear Liquid Flow using portable Ultrasonic Flow Meter.
- ✓ Carry out NDT Inspection method Level II NDT viz. UT, RT, MPI, Dye penetration as per ASNT NDT LEVEL – II, SNT TC1A.
- ✓ Inspection and certification of High Mast.
- ✓ Structure Stability of Plant, Monorail, Jib Crane, EOT Crane Girder, Material Rack, Chimney etc.
- ✓ Hydro test of Mounded Bullets, Hydro test of Sphere, Hydro test of various Pipe Lines, Hose Pipes, Tanks & Vessels.
- ✓ Tank Calibration.
- ✓ Portable Tools Inspection – Like Grinder Machine, Drill Machine, Welding Machine, Bar Bending Machine, Portable Oven, Mother Oven etc.

Some Ideas **Build Nation**

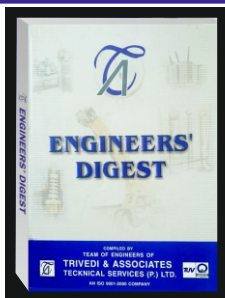

EQUIPMENTS DETAILS

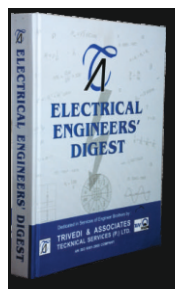

Sr. No.	Description of Equipments	Capacity	Quantity
1.	Hydraulic Pump (Manually)	up to 200 Kg/cm ²	4 nos.
2.	Electric Hydro Test Pump	up to 200 Kg/cm ²	2 nos.
3.	PSV Header	up to 200 Kg/cm ²	5 nos.
4.	PSV Test Bench	up to 200 Kg/cm ²	3 nos.
5.	Ultrasonic Thickness Tester	0 to 200 mm	9 nos.
6.	Digital Dynamometer (Load Cell)	7.5 T, 12 T, 20 T, 25 T, 30 T.	5 nos.
7.	Pressure Comparator	up to 700 Kg/cm ²	3 no.
8.	Standard Test Pressure Gauge	0 to 600 Kg/cm ² (Different Range)	30 nos.
9.	Mano Meter	-1 to +1 Kg/cm ²	2 nos.
10.	Pressure Transducer/Transmitter	0 to 400 Bar (Different Range)	11 nos.
11.	Strip Chart Recorder	Different Range	1 no.
12.	Circular Chart Recorder	Different Range	1 no.
13.	Power & Harmonic Tester	Different Range	1 no.
14.	Digital mV/mA Calibrator	Different Range	2 set
15.	Digital Clamp Meter	Different Range	2 nos.
16.	Standard Multi-Meter 4 1/2 Digit	Various Ranges	3 nos.
17.	Vernier Caliper	0 to 150 mm	6 nos.
		0 to 300 mm	4 nos.
18.	Standard Measuring Tape	up to 30 metre	3 nos.
19.	Steel Foot-rule	up to 24"	5 nos.
20.	Digital Infrared Pyrometer	-50° to 500° C	1 nos.
21.	Digital Temperature Indicator	0° to 1200° C	3 nos.
22.	Digital Thermo-Hygrometer	-20 to 50° C & 0 to 100% RH	3 nos.
23.	Temperature Bath	-25° C to 1200° C (various ranges)	4 nos.
24.	Digital Photo Tachometer	2.5-99, 999 RPM	1 no.
25.	Lux Meter	various ranges	1 no.
26.	Sound Meter	various ranges	1 no.
