Kind Attention:

Subject: Company Profile-An illustration of Technical & Engineering Services being provided by us.

Dear Sir,

Introduction: We humbly began in March 1988, literally starting from scratch; to grow into a 150+ large team of the engineering fraternity. Today, we continue to service the who's who of the business houses repeatedly; owing to our straightforward business approach.

Experience: With an experience of 34+ years; we continue to work in areas such as, statutory compliance & engineering consulting services thus servicing government, semi-government, public sector and multinational companies that are operating in Gujarat. We are also an ISO 9001 : 2015 certified company. In all our company has in excess of 1,000+ man-years of cumulative compliance engineering & consulting service experience across; mechanical, electrical, instrumentation, civil, chemical and safety engineering practice.

1
